

Audit & Accountancy

Our Service

Annual accounts underpin much of the planning work we do with clients. We keep in contact throughout the year to discuss and monitor both tax planning and business issues.

We also aim to complete the audit and produce the annual accounts within three months of the year-end not only to ensure compliance with filing and regulatory responsibilities but also to make the accounts themselves relevant to the period in question and useful as a business tool.

For us to meet our commitment to you it is important that we develop an understanding of both your business and the markets in which you operate. We achieve this by listening very carefully to what you say and by drawing on the practical experience we have gained over many years.

These together with the close involvement of both partner and manager ensure that the appropriate level of experience and expertise is available; we match the team to your requirements.

Our Team

We are a group of experienced service-driven professionals with specialist skills in corporate finance, taxation and banking. We are responsive to your needs, available at short notice, and accessible on a continuing basis.

This factsheet seeks to address general business and financial issues and Broadhead Peel Rhodes have taken due care in its preparation and creation. You should contact Broadhead Peel Rhodes direct if you need advice on any specific accountancy issue.
